Subject: RE: Thank you

One more quick piece of information from the CAG meeting last night. Apparently one of the CAG members (Donna K.) placed a notice on Facebook last Thursday, asking that all Facebook participants contact President Obama about the concerns at West Lake. When the news came out on Friday that Republic was voluntarily placing an isolated barrier in the radioactive landfill cell, Donna K. was convinced that her Facebook entry made President Obama act immediately by contacting Republic and insisting that they take an action.

:~)

Thx for forwarding, Debbie. Sounds like you and Ben helped them get off to a strong start. This CAG will be an important part of our community strategy at WL.

This is a brief note from the West Lake Landfill CAG Chair, Doug Clemens - just an FYI :-)
